

Magnetic Wireless Charger

For iPhone 12/13

4.65mm
Thickness

15W
Maximum output

For
iOS/Android

PD/QC/AFC
Protocol

Light as Air

Perfect cohesion with ultra slim thickness
and light weight

Thickness

4.65mm

Diameter

62.6mm

Weight

39.5g

Note: All data are from Vention Lab

Powerful Magnetic Connection

With power magnetic module, precisely match with iPhone 12/13 and other models which support wireless charging

360° Rotating Magnetic Connection

Omni-direction charging for various charging scenes

Horizontal display for better
gaming experience

Spare the port for
music listening

15W Maximum Charging

Backward compatible with 10W, 7.5W, 5W charging solutions

For Apple
7.5W/5W

For Android
15W/10W/5W

Note: It's recommended to use PD charger over 18W power

High Efficiency Power Supply

High density pure copper conducting coil ensures
stable magnetic field

80%

Power conversion rate

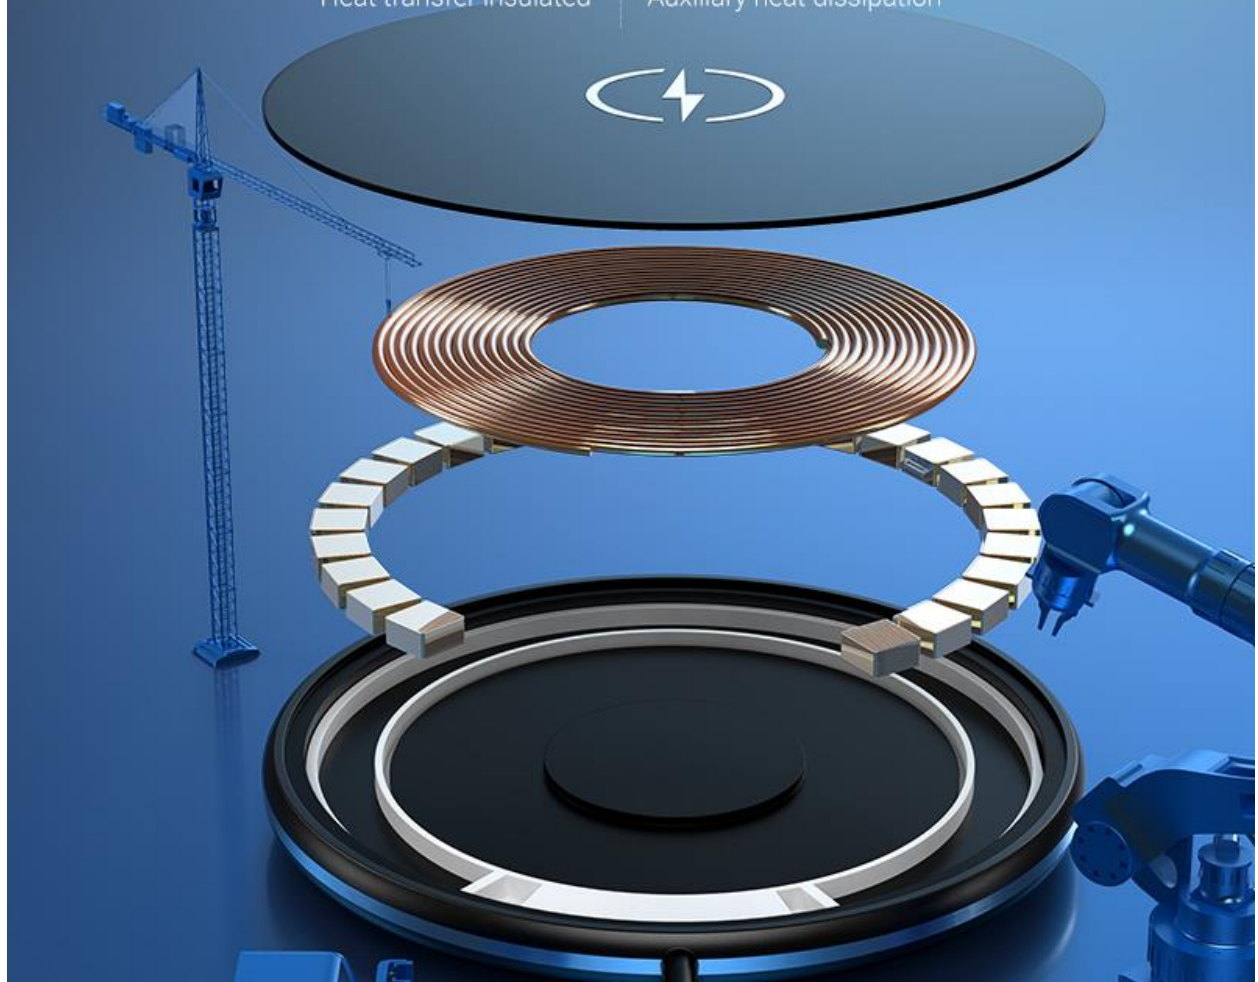

Note: The internal structure is a rendering, please refer to the actual product
All data are from Vention Lab

Excellent Temperature Control

Low temperature charging plate to avoid heat gathering

Tempered glass
Heat transfer insulated

Aluminum alloy shell
Auxiliary heat dissipation

Package Display

Note: Packing difference exists for different meters or batches.
