**HDR**

Dynamic

Note: The resolution and refresh rate are determined by the performance of your devices. If you intend to display 4K content, please make sure that both your input and output devices can support 4K. All data are from Vention Lab.

# 60Hz Higher Refresh Rate

Output 30 frames more than 30Hz per second  
higher refreshing rate deals with super-fast motion games  
better. Superb clarity for view without lagging.

# Driver-Free Plug & Play

Support hot swappable, no driver  
installation or external power supply needed.

## Latch design, stable connection

Depress the button when pulling out  
to prevent the interface from being damaged.

# Stable Signal Transmission

Our active DisplayPort adapter has a Realtek active biochip to boost the performance of the device. The picture clarity, coloring, and sharpness (resolution) are excellent, and no more flicker and tearing trouble.

# Delicate Details

## Gold-Plated connector

Accurate data transmission  
oxidation-resistant and anti-rust

Soft touch, abrasive resistance  
and scratch resistance

## ABS shell

## PVC jacket

Flexible, anti-bending  
durable

# Universal Compatibility

Enables you to connect a DP compatible laptop/computer to a HDMI equipped Display device

## DP port
