

SATA 3.0

HDD Cable

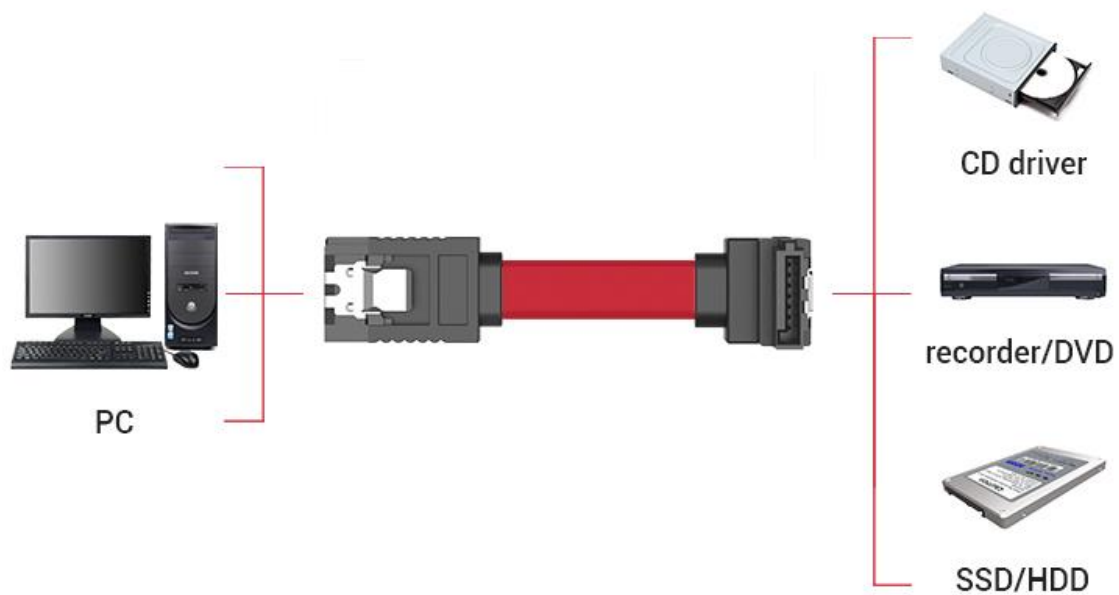

For hard disk and motherboard connection

Application Scene

Suitable for SATA interface HDD/recorder/CD driver, etc.

Note: photos are for reference only, please in kind prevail

Note

Please make sure the interface on your device
is SATA interface

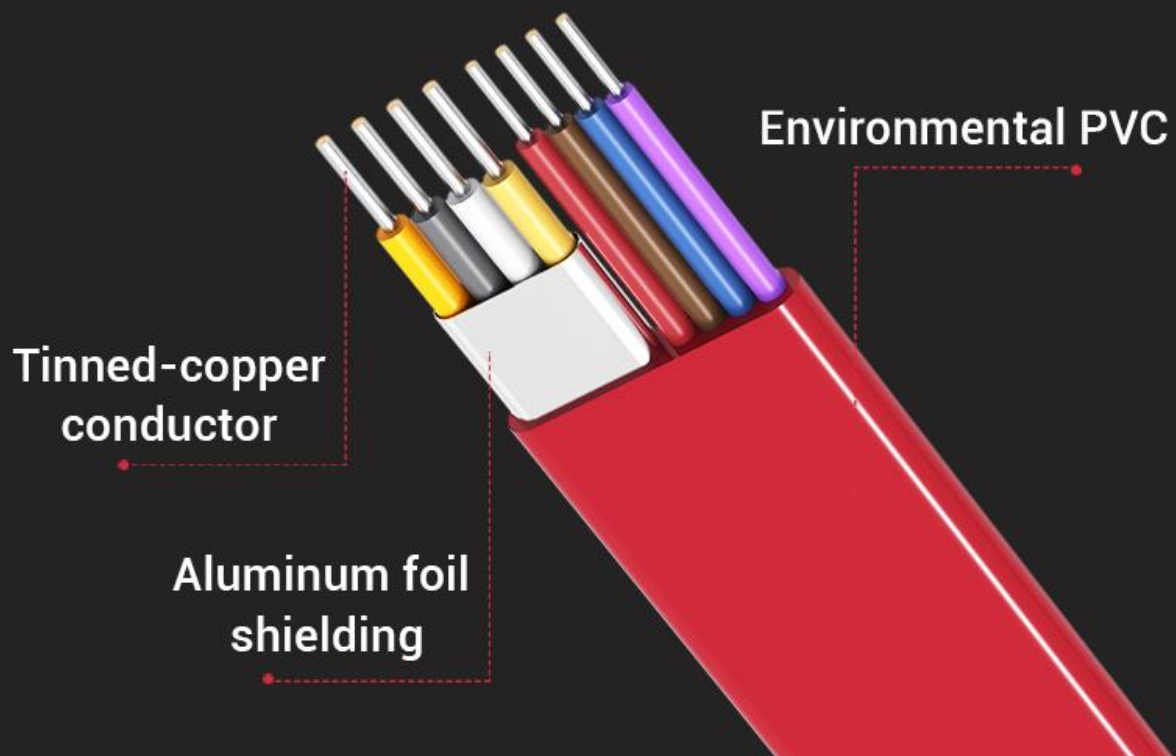

Let the speed fly

Standard SATA 3.0 interface
With a transmission rate up to 6Gbps,
backward compatible with SATA 1.0/2.0

Stable Data Transmission

Aluminum foil shielding+tinned copper conductor
for premium anti-interference ability and stable data

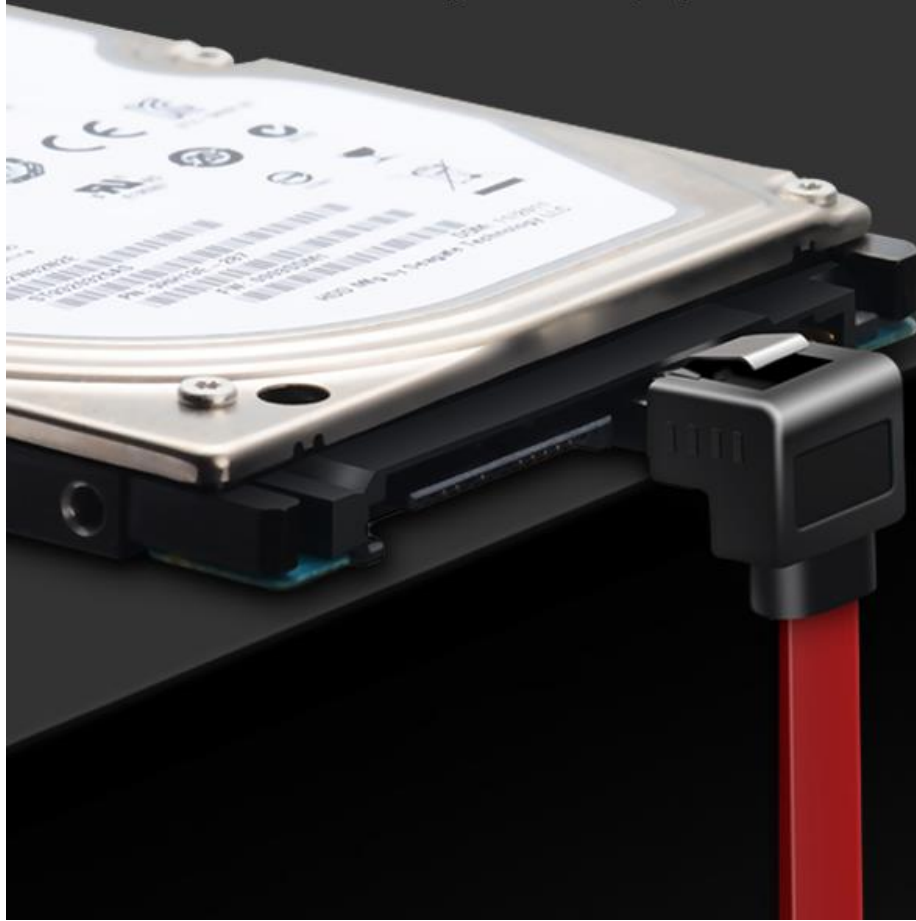

Double Clips Design

For tight connection of cable and motherboard

Right Angle Interface

Avoid bending the cable, optimal for narrow space

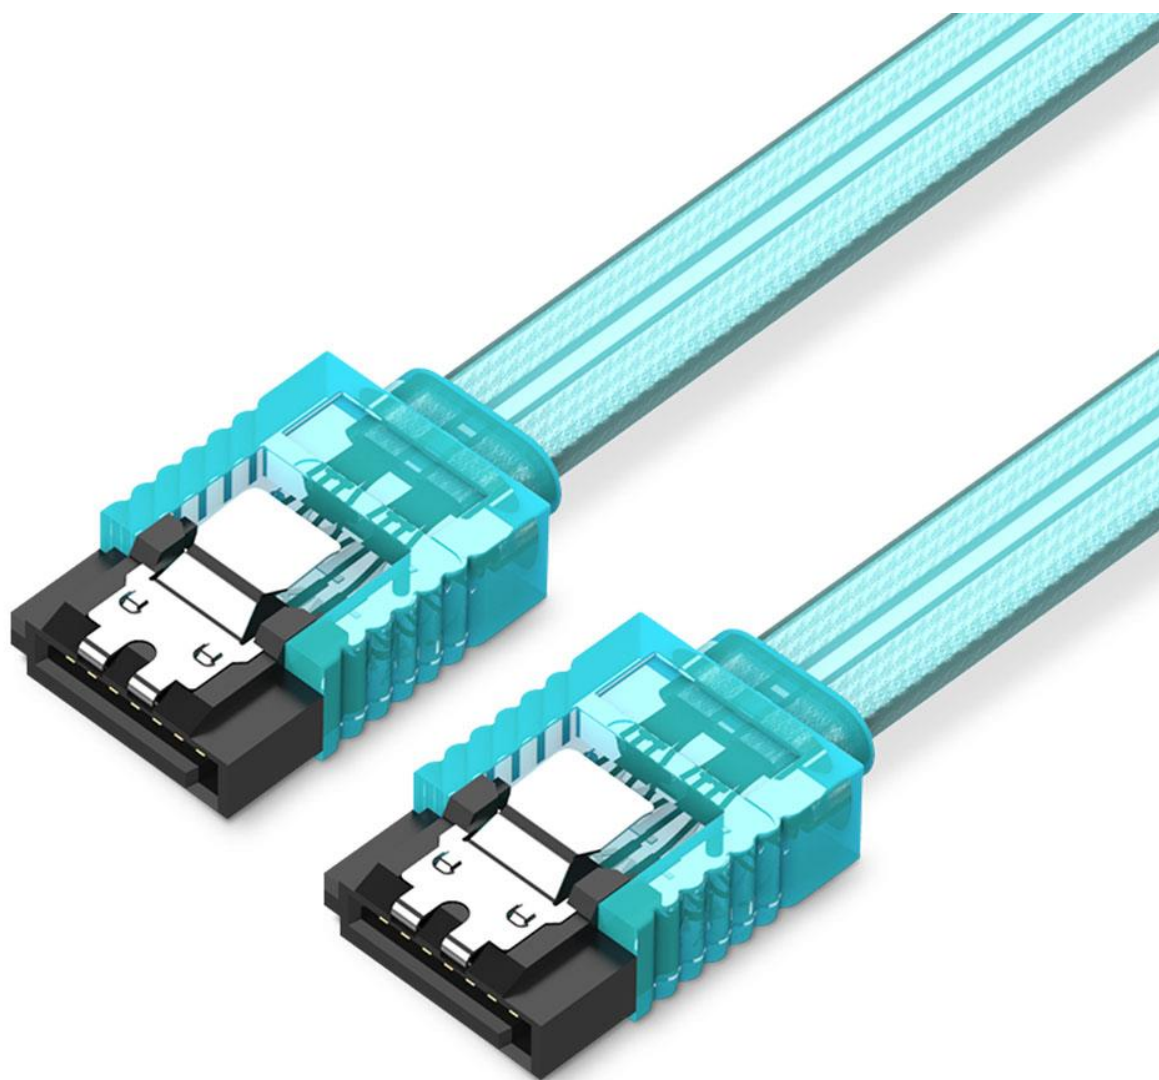

PVC Flat Cable

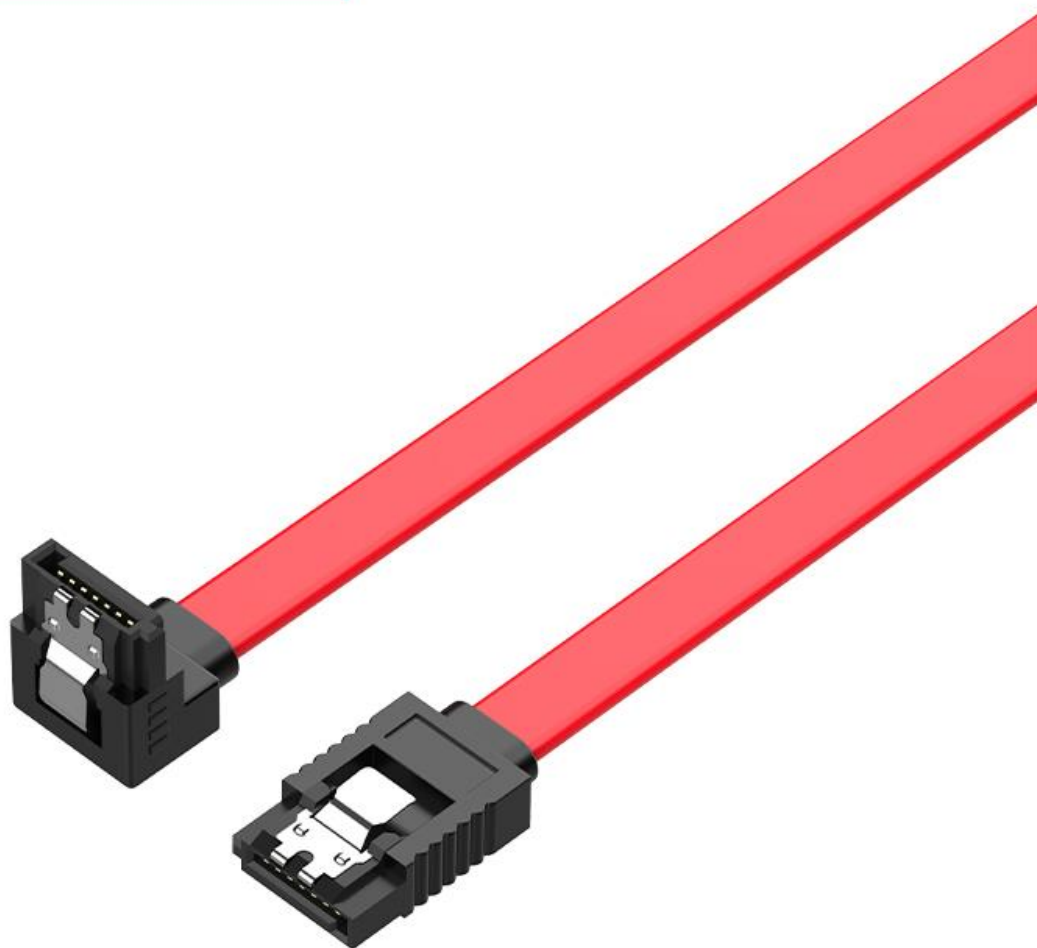

Flexible cable passes RoHS
certification for anti-stretch function

Product Parameters

Brand: Vention

Name: SATA 3.0 Cable

Model: KDD

Color: Red/Blue

Interface Technics: Gold-plated 3U

Conductor: Tinned-copper

SATA Protocol: SATA 3.0

AWG: 26AWG+28AWG

Cable Material: PVC

OD: 2.2*7.8±0.2mm

Shielding: Aluminum Shielding

Transmission Rate: 6Gbps

Warranty: 1 Year

Package: PE Bag

Note: all data are from Vention Lab

Range of Application

For hard disk with
SATA interface and other devices
