

## Cat7 Achieve Higher Performance

	Transmission Rate	Bandwidth
CAT7	10Gbps	600MHz
CAT6	1Gbps	250MHz
CAT5E	100Mbps	155MHz

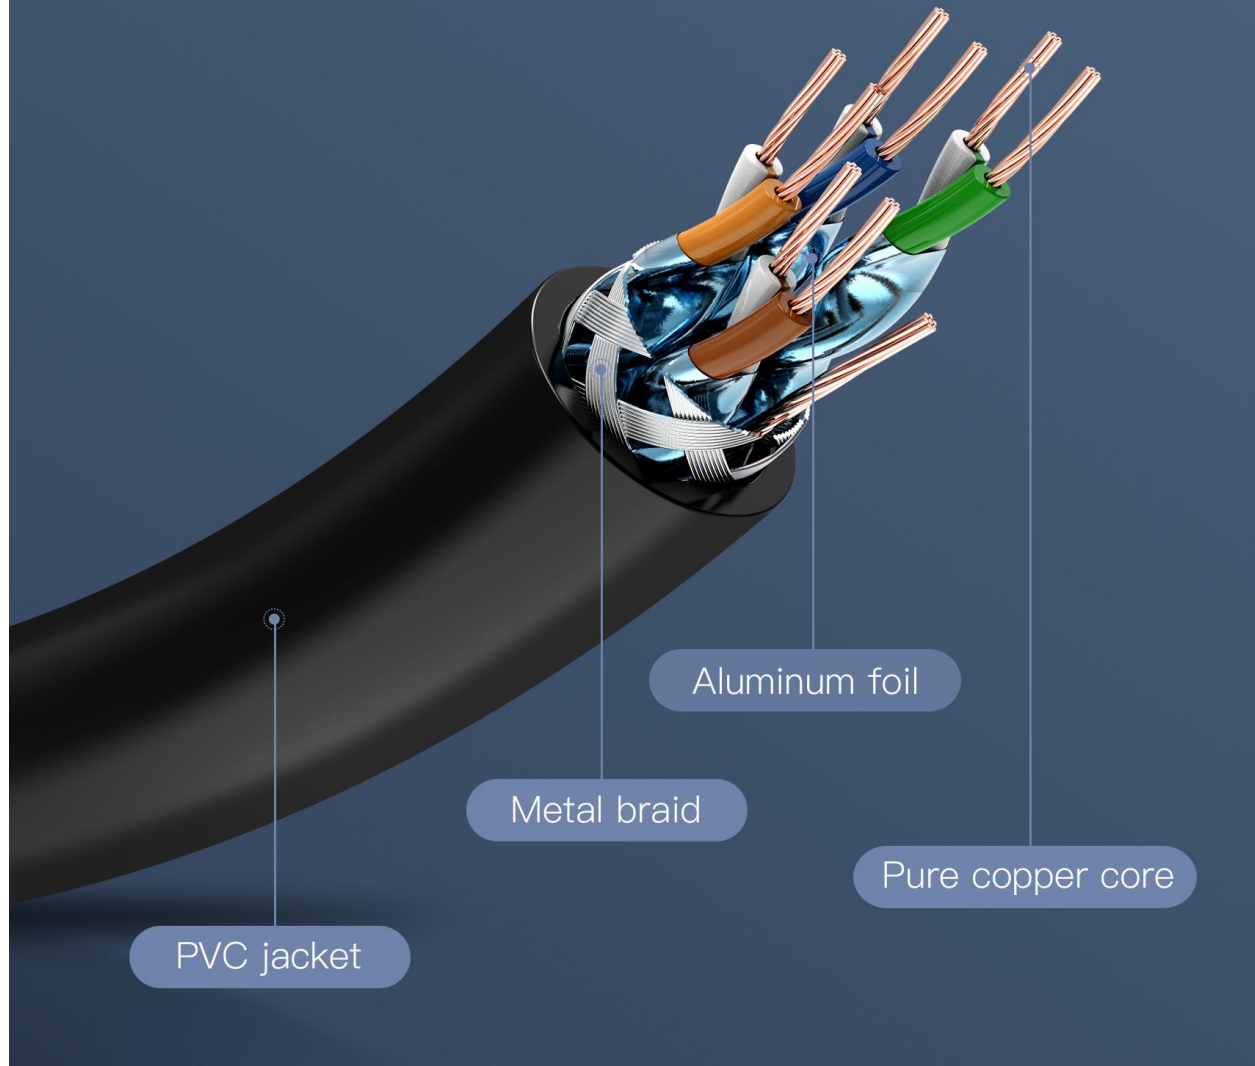

\* All data are from Vention laboratory

# Enjoy Game and Film

Fast respond to network enviroment such as playing large games and watching HDTV

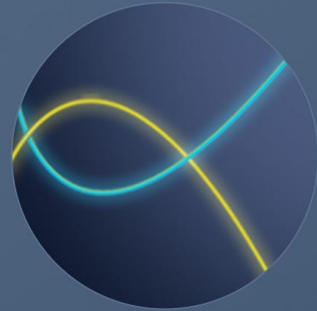

# Metal Weaving+Aluminum Foil

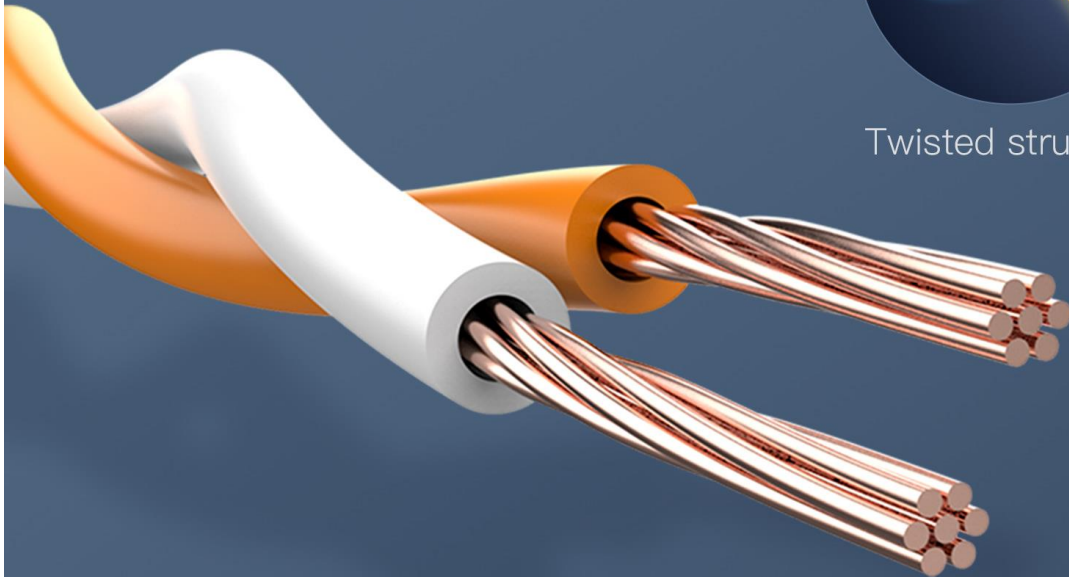

# Bold Pure Copper Wire Core

Twisted pairs resist external electromagnetic interference

Twisted structure

Gold-plated  
contacts

Widened  
compression piece

Practical  
dust cover

# Fireproof and Moistureproof

Highly bending resistant PVC material  
ensures long service time

# Wide Applicability

Compatible with RJ45 network port

Computer

Laptop

Router

Network TV BOX

HUB

Switcher

ADSL

MODEM

# Various Application

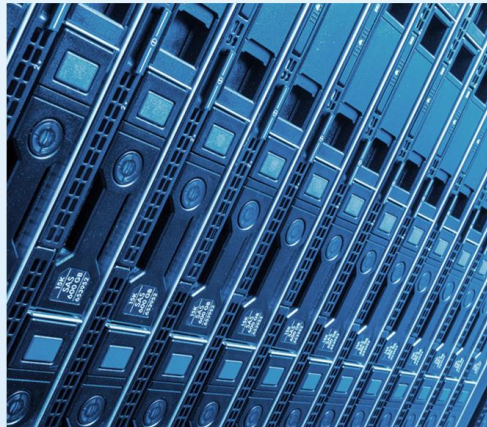

Office

Home

Internet Cafe

Data Center

PE Bag

Color Box

\* Packing difference exists for different meters or batches  
please take the actual packing as the standard

# Get in Fast Lane

Up to 10Gbps, 10x faster than Cat 6
