

Cat7 Achieve Higher Performance

	Transmission Rate	Bandwidth
CAT7	10Gbps	600MHz
CAT6	1Gbps	250MHz
CAT5E	100Mbps	155MHz

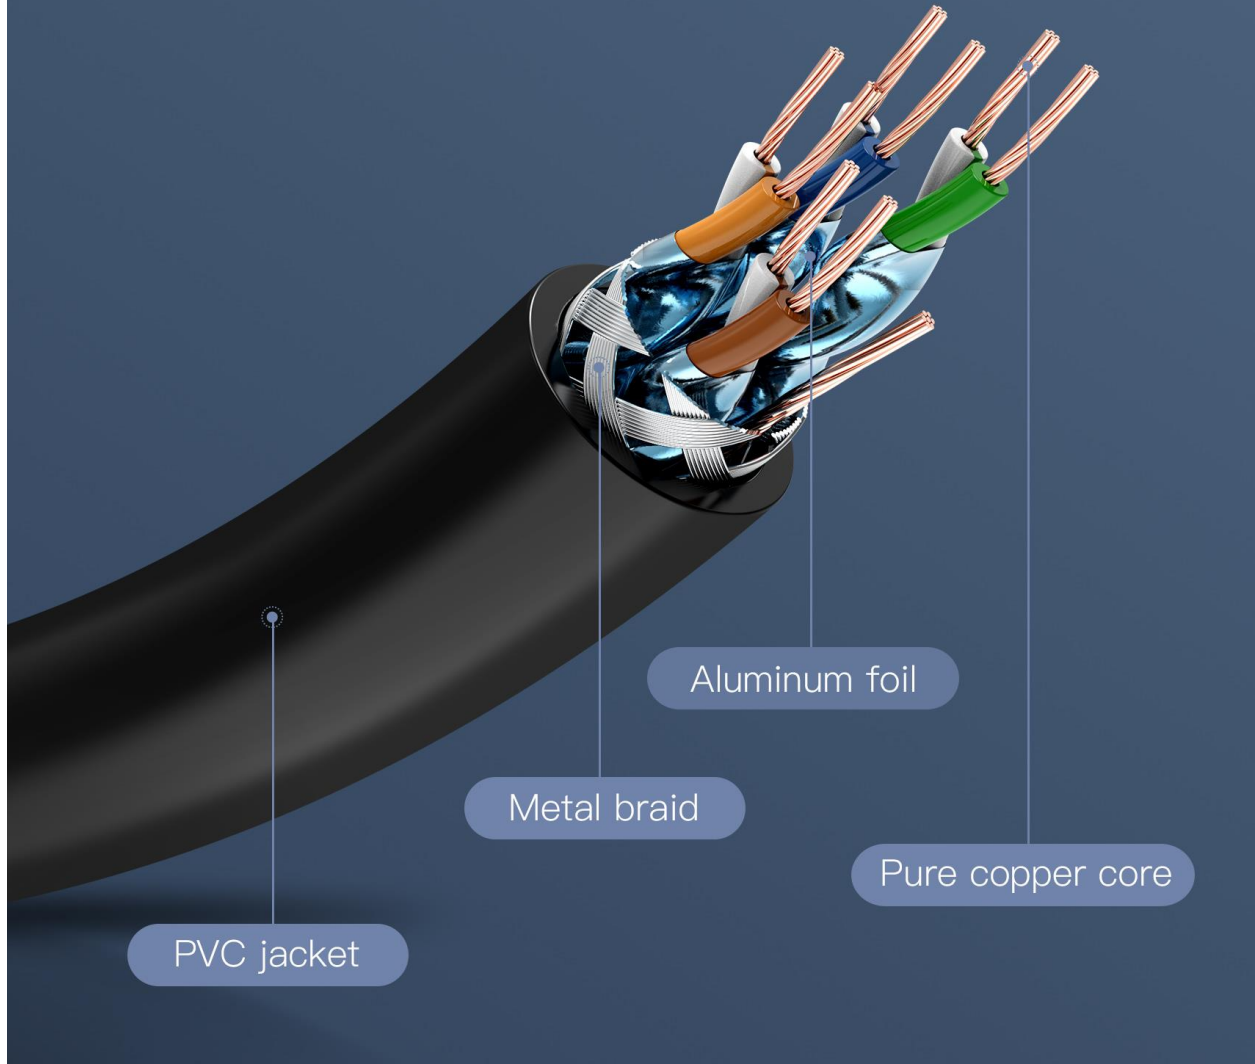

* All data are from Vention laboratory

Enjoy Game and Film

Fast respond to network enviroment such as playing large games and watching HDTV

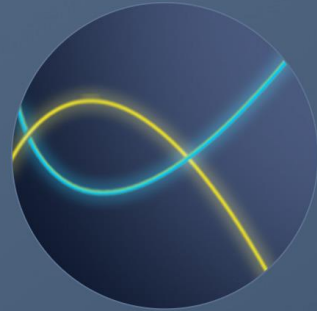

Metal Weaving+Aluminum Foil

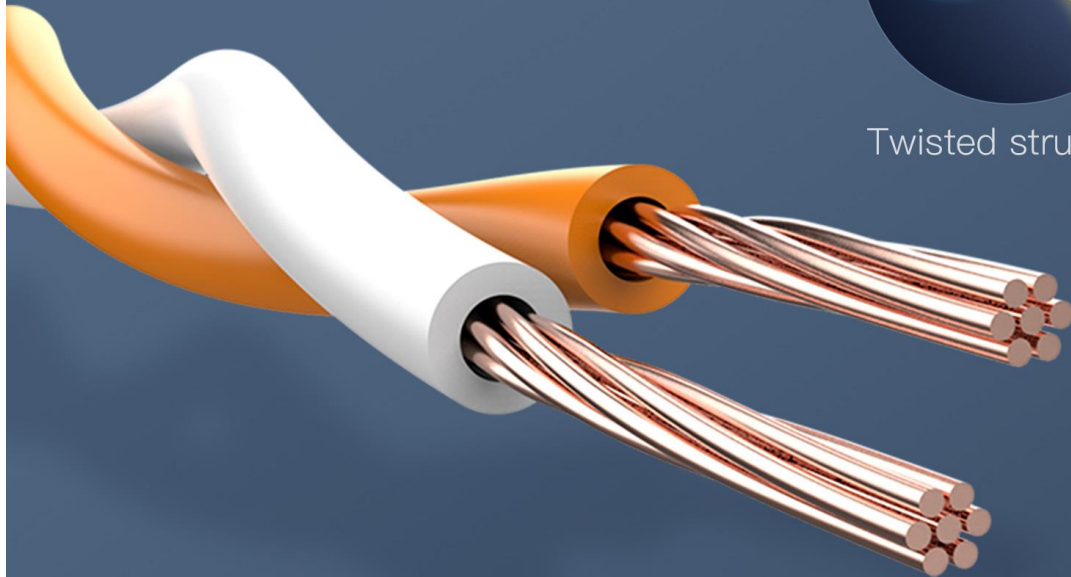

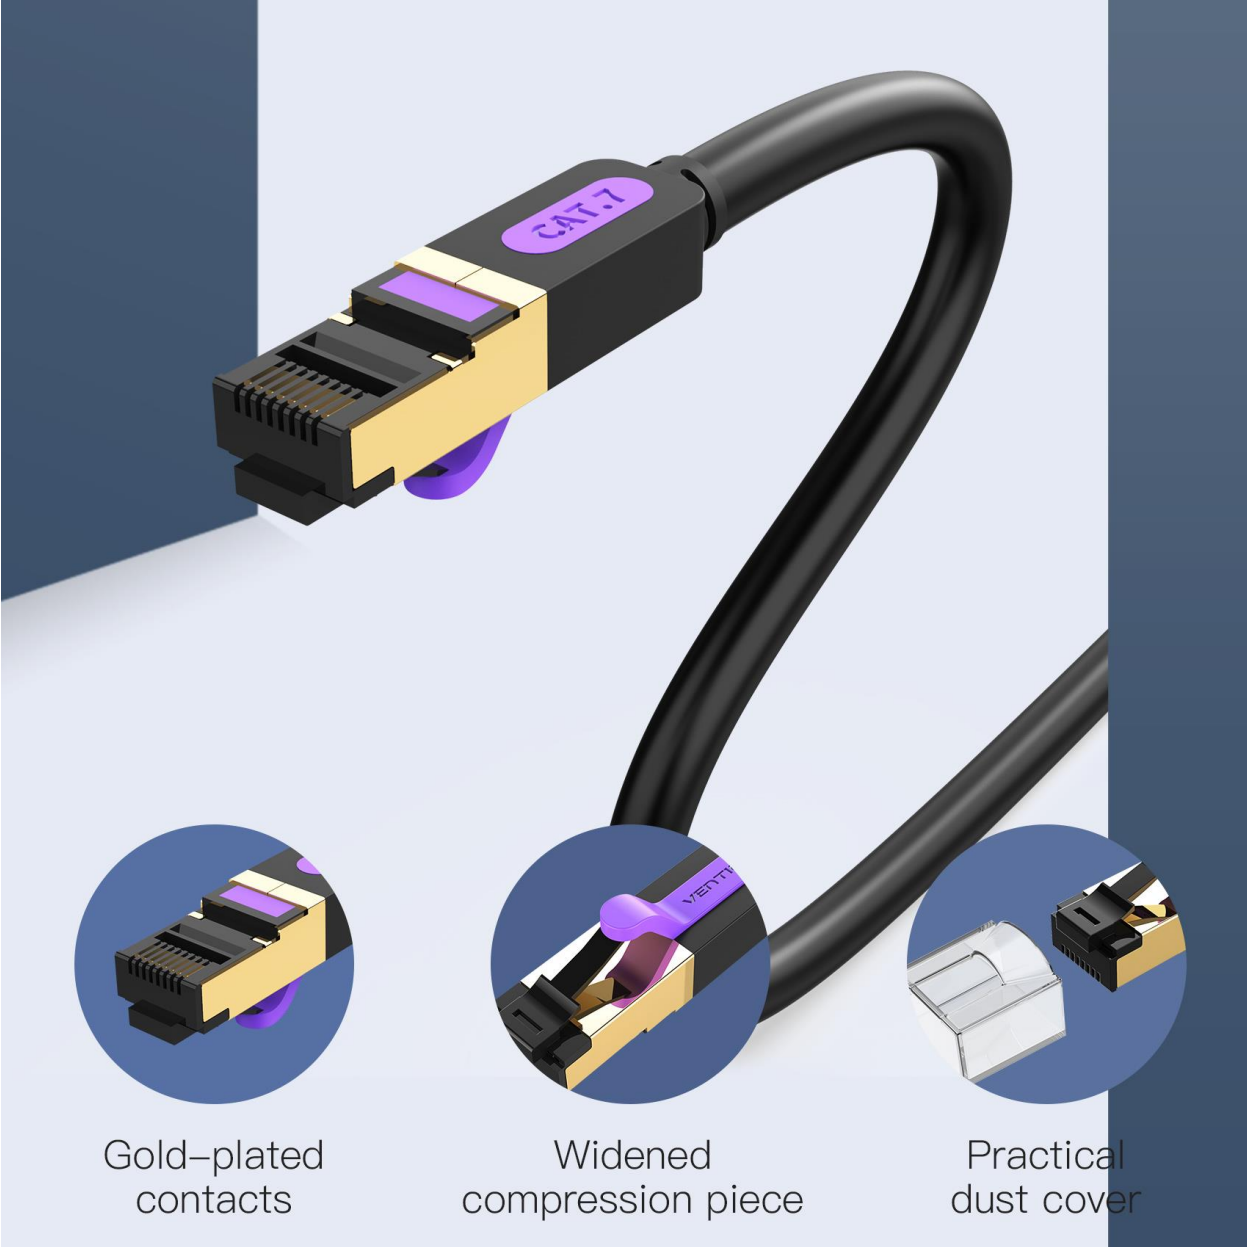

Bold Pure Copper Wire Core

Twisted pairs resist external electromagnetic interference

Twisted structure

Gold-plated contacts

Widened compression piece

Practical dust cover

Fireproof and Moistureproof

Highly bending resistant PVC material
ensures long service time

Wide Applicability

Compatible with RJ45 network port

Computer

Laptop

Router

Network TV BOX

HUB

Switcher

ADSL

MODEM

PE Bag

Color Box

* Packing difference exists for different meters or batches please take the actual packing as the standard

Various Application

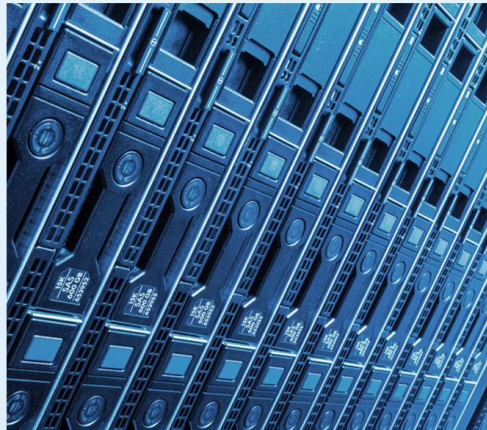

Office

Home

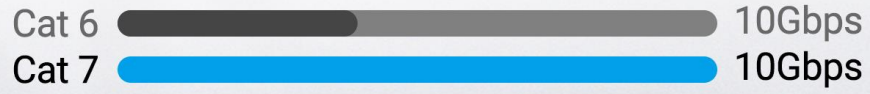

Internet Cafe

Data Center

Get in Fast Lane

Up to 10Gbps, 10x faster than Cat 6
